
NURAPLY TPO QUICK SPRAY ADHESIVE TECHNICAL DATA SHEET

Application

- Excellent coverage. 1 x bottle per roll, fully bonded.
- Fast-drying solvent system.
- Easy application by spray.
- Substrate should be dry, clean, and free from oil, grease and other contaminants.
- High initial tack. Bond when the adhesive is tacky but not wet.
- Spray from 200mm to 300mm away. Apply adhesive uniformly to both the substrate and the underside of the membrane.
- Apply pressure with a push broom or weighted roller to ensure complete bonding.
- Clean up with TPO Quick Spray Adhesive Hose Gun Cleaner.

Description

Nuraply TPO Quick Spray Adhesive is a contact-type bonding adhesive specially designed for bonding TPO single-ply roofing membranes and flashings to various roofing substrates. TPO Quick Spray Adhesive is a general-purpose rubber-based bonding adhesive for attaching TPO-based single-ply membranes to various substrates.

Physical Properties

Base: Synthetic polymer

VOC: 489 g/L

Solvent: Hydrocarbon blend

Flash Point: -18°C

Weight: 31.8 per bottle

Colour: White

Shelf Life: 1 year, unopened

Open Time: up to 60 minutes

Dry Time: 5 – 15 minutes

Application: spray

Storage: Keep from freezing; store above 40°F (4.4°C)

Installation Temperature: Minimum application temperature is 4.4°C and rising

Safety

Please observe the actual valid material safety data sheet and follow the described safety measures for handling of the product.
